

# Why are we doing this training?

- → NEMT services are provided to populations that may be particularly vulnerable
  - Seniors and persons with disabilities are disproportionately affected
- → Individuals may be abused by family members service providers, care assistants or even friends, which makes detection difficult.
- → Your eyes and ears can provide a separate perspective to help detect and prevent abuse, neglect and exploitation.
- → You are required to report any known or suspected abuse, neglect or exploitation.
- → This training will increase your awareness of the potential signs and give you a guide for reporting your suspicions.

We all have a responsibility to protect those who cannot protect themselves.
